

AGILE CERTIFICATION TRAINING

Would you like a career as a Project Manager, Product Owner, Software Architect, or Developer? An Agile Scrum Certification will enhance your skills in these professions.

November 6, 2023 - December 14, 2023
Tues & Thurs 6 pm to 9 pm EST

Scrum is an agile project management framework designed to accelerate software development.
This course prepares students to test for an industry-recognized certification as a Scrum Master.
